It's been an exciting few months, and we're thrilled to share a quick recap of how we've been revving up our social media presence. From the EXTER Accessories launch to the "Did You Know?" to actively talking about Hyundai Mobis Genuine parts, we've successfully connected and engaged with our audience. To stay with the latest trend and capture the essence of the now, we did the Monsoon campaign alongside Topicals, Festive campaign, and Moment Marketing. That's not all. We haven't missed the chance to leverage the prowess of video storytelling and introduced character-based videos to educate and entertain our audience.

# Marketing Initiatives:

## • New Launch Promotions:

Our new launch promotion posts took center stage, spotlighting accessories for i20, and EXTER. These posts were planned to coincide with new product launches, thus maximizing awareness and engagement.

## • Festive Campaign:

Igniting a whirlwind of celebrations, our two-month festive campaign spotlighted Independent Accessories and Accessory Packs, infusing a joyful spirit into our social media posts. This campaign was all about gifting yourself and your loved ones the delight of genuine accessories while celebrating and traveling during the festivities.

## • Monsoon, Independence Day, and New Year Campaigns:

- Launching in early July, our Monsoon Campaign perfectly encapsulated the season, showcasing essential car accessories for a smooth ride in the rain.
- Our Independence Day Campaign celebrated patriotism, intertwining our brand with the joyous spirit of freedom and pride, making every drive a symbolic journey.
- Our New Year Campaign encouraged everyone to embrace a fresh start with Genuine Mobis parts for Hyundai cars. It was an invitation to kickstart the year with authenticity, reliability, and a drive toward a brighter road ahead.

**DID YOU KNOW?**

Ever wondered about the untold stories behind your favorite car accessories? Launched in early September, our 'Did You Know' series engaged the audience with intriguing facts about various car parts and accessories.

## • Customer Education to use Genuine Parts by Mobis

We unleashed two character-based YouTube videos and spiced things up with a thrilling reel. Our mission was to create real-time scenarios and immerse the audience, using vibrant characters to underscore the pivotal role of genuine car parts.

In the first video, Arjun took center stage, unraveling the consequences of opting for non-genuine car parts. His eye-opening journey highlighted the consequences of using non-genuine car parts as he learned a valuable lesson, committing to prioritize safety by choosing only Genuine car parts from Hyundai Mobis. The resounding message? Always keep in mind that, while non-genuine parts may initially appear cost-effective, the safety dividends far surpass the savings.

Switching gears, our second character-based video added a festive flair to the mix. The key highlight of this video was to surprise your loved ones with Genuine Accessory packs, meticulously crafted for unparalleled comfort and style, transforming every drive into a joyous adventure.

As the New Year approached, our character-based reel hit the screen, driving home the point that choosing non-genuine car parts is a recipe for frequent breakdowns. The idea was to convey to the audience to take a stand against counterfeits and let 2024 be the year you embrace quality rides with Mobis Genuine car parts.
