**MR. YONG GOON PARK**

Managing Director (A/S Parts Division)

*"Mobis India perseveres to exceed customer expectations through its innovative solutions that drive safety and comfort."*

To the Valued Members of our Mobis Family,

I would like to express my sincere gratitude for your hard work to ensure the company's rapid growth. 2022 has been successful for us, and we look forward to an even better 2023.

We take pride in sharing the 3rd and 4th editions of Stellar 2022 with our stakeholders.

We have remained resilient and patient to overcome the current challenges while preparing ourselves and our business strategies to become a future-ready organization that is more digital, more competitive and more evolved.

We are proud to offer the widest range of Hyundai Genuine Accessories, ranging from safety, styling, speakers, subwoofers, and camera to common accessories available in the market.

We are constantly striving to offer high-quality products through a thorough quality management check, research & development and excellent services. Furthermore, we are persistent in building a future-ready product portfolio, bringing innovative mobility solutions while delivering a superior customer experience.

Let's all work together to make Mobis India a leader in the future mobility market.

***Have a great year ahead!!***

## NEW ACCESSORIES LAUNCH

Considering the requirements of our loyal customers and the growth of accessory in the market, we at Mobis India, are working towards refining the product line contemplating the major aspects of the customer, be it comfort, utility or functionality.

It is because of our constant efforts, we are able to improve our customer experience. Maintaining our impeccable record, we have introduced a number of new products in our well established accessory range.

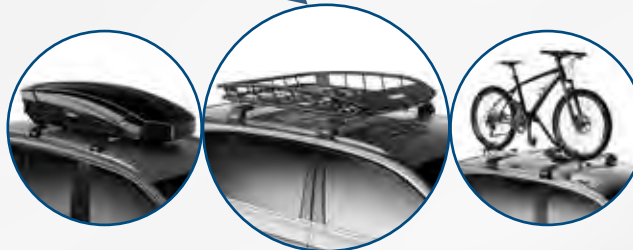

### Ceramic coating

To maintain the overall shine, and for the ease of cleaning, Mobis has introduced ceramic coating. It not only protects the paint and shine, but also offers a variety of benefits such as water repellency, UV protection, protection from debris, oxidation and corrosion, etc.

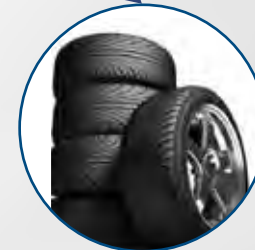

### Touring

Adding to a wide range of accessory line up, we have launched touring accessory to cater the needs of our adventurous SUV customers, who desire to explore different terrains. Touring accessories consist of bike carrier, roof box and roof basket.

### Tyre

Adding one more category and further expanding our accessory range, Mobis India has recently introduced tyres in collaboration with apollo. Keeping in mind the needs of our valued customers, we have launched tyres in various sizes from R12 till R17.

## NEW ACCESSORIES LAUNCH

*With the correct guidance and support of Mobis accessory team, we were able to see a considerable increase in the accessory business. We were also able to achieve our targets on time, and with the Mobis's lucrative incentive policy, we have observed a sound profitability as well. We were able to achieve all this by religious implementation of all the best practices, such as adding accessory packages to the car price list of all the models, maintaining the accessory display in showroom as well as in workshop, etc. We hope to increase our accessory business by focusing on our accessory per car sales.*

**Namrata Singh (Accountancy Manager)**  
**W1201-SHREENATH MOTORS**

### BEST PRACTICES

Implementing accessory packages in the car price list of all the models

Fitment of high value accessories on the demo and display vehicles

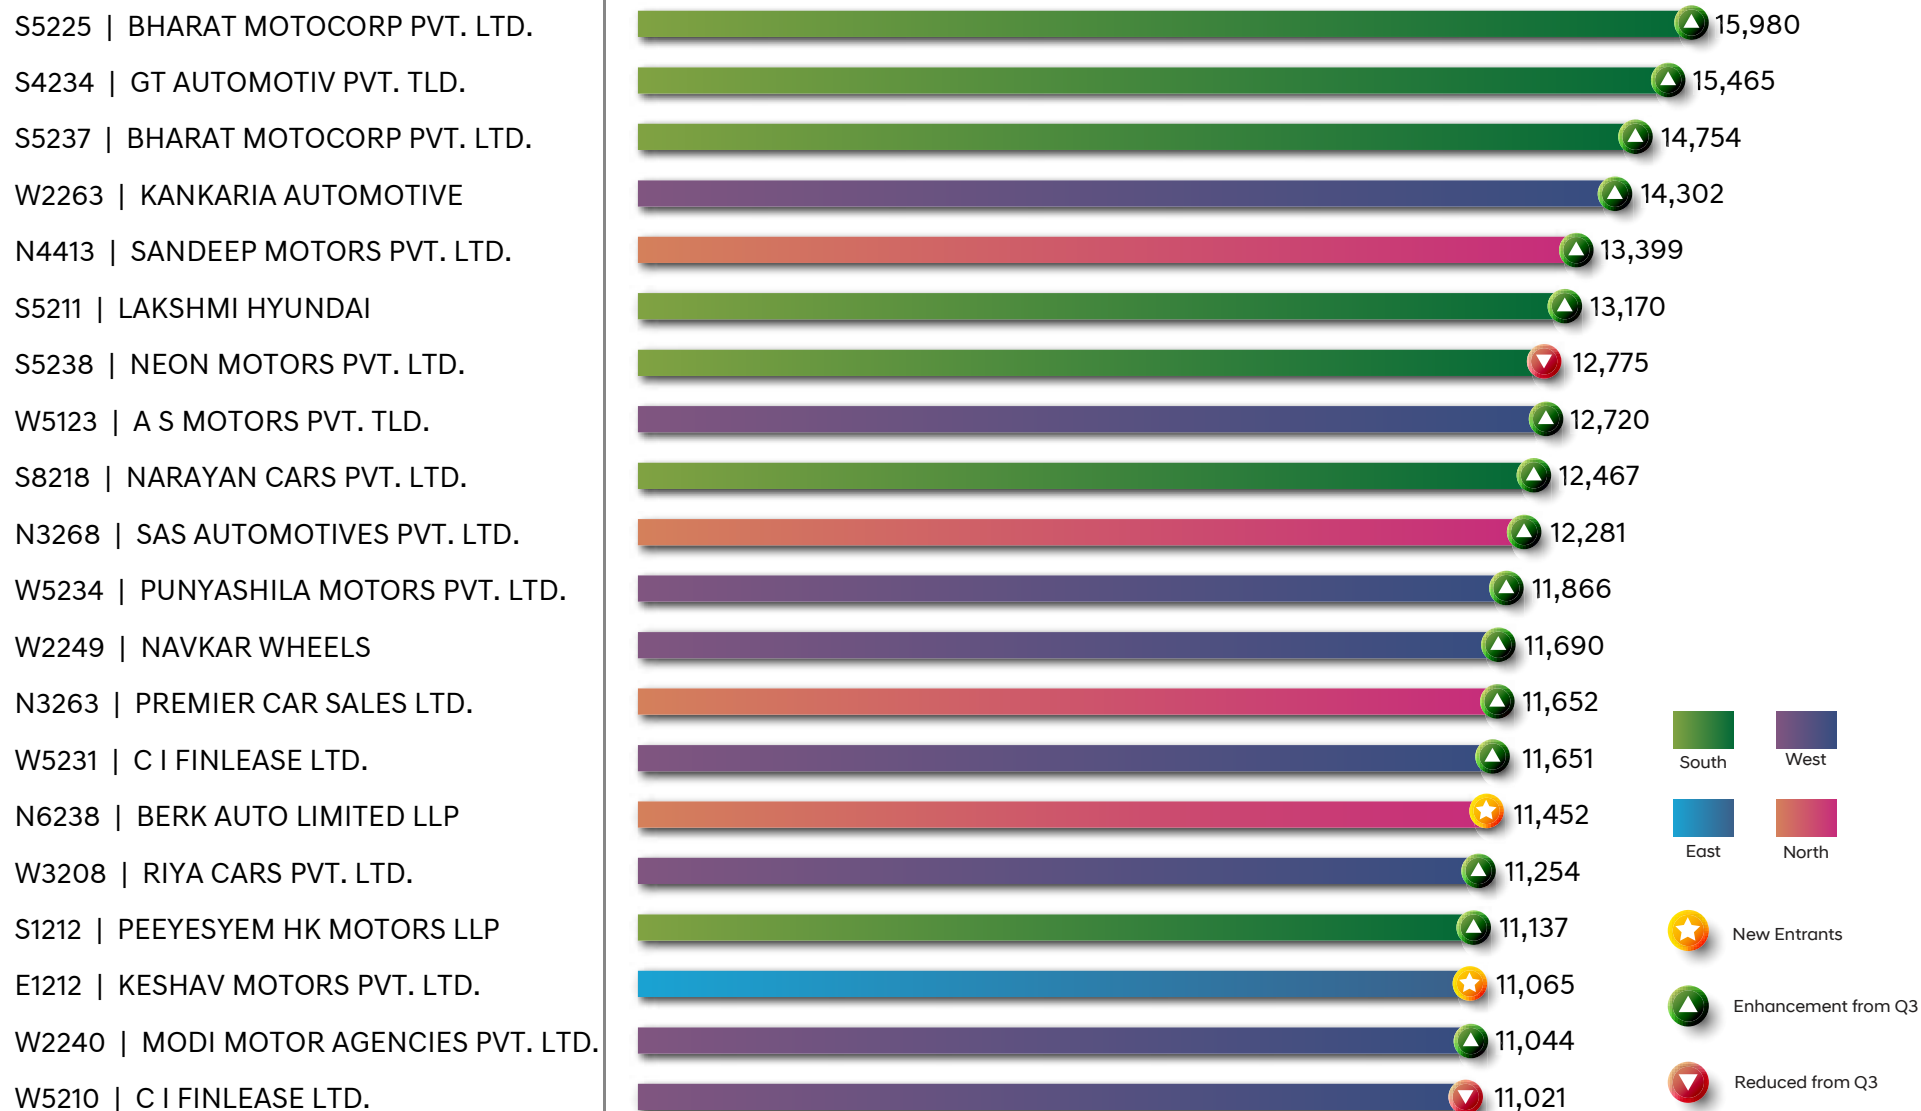

Imposition of special schemes and benefits for the accessory managers, sales consultants and service advisors at the dealerships and workshops

Maintenance of accessory display units in showrooms and workshops as per Mobis standards

# INFOTAINMENT SYSTEMS

If we are buying a car, we probably care about how comfortable and reliable it is, if it's safe and efficient, and whether it's fun to drive. But what about the infotainment system? It's the interface and software that appears on your car's center screen and it plays an increasingly important role in modern vehicles. Just like the evolution of phones, in-car entertainment systems have also evolved. Located at the center of the dashboard, modern infotainment systems control some of the most crucial functions, especially the ones with touchscreen system. The touchscreen infotainment unit comes integrated with Android Auto or Apple CarPlay, and both helps keep you focused on the road by connecting with your smartphones. To ensure the availability of best features at the best prices, Mobis India has launched a range of infotainment systems, starting from INR 12,990.

Keeping in mind the safety and well being of its customers, Mobis India has introduced a special type of camera with a lens angle of 170 degree and CMOS image sensors that is produced specifically to avoid a backup collision by providing more visibility behind your car than you can get by turning your head.

This accessory is attached to the rear of a vehicle to aid in backing up, and to alleviate the rear blind spot.
